Learn About Our Ongoing Classes

MathEdge+: Sharpen Problem Solving Skills and Excel in Math Competitions (Grades K-8, Sept-Jun) (for advanced students)

Want to learn more about valuable problem solving skills, critical reading, logical math, written and oral presentation skills-all in one package? Come join one of our ongoing classes (**JumpStart, Beginner, Intermediate, Advanced, Competitive**) and also get trained to be a competitive mathlete and win prestigious math competitions such as **MathOlympiads, MathCounts, and/or AMC**. This program is designed for advanced math students, set in an interactive, small class size, nurturing environment. Emphasis is on understanding fundamental concepts and approaches (instead of simple rote math manipulation and memorization) and how to apply them effectively in solving complex problems to help succeed in an increasingly competitive global environment.
