MathEdge offers 8 weeks of summer programs from mid June till mid August. In the morning, we offer guided Math Contest Training (AM) camps. One can select from various national math contests such as **AMC8 | MathCounts** to be trained.

In the afternoon, we offer school math and/or English Language Art camps to help students to get ahead and/or advance in school.

We emphasize having summer fun and learning challenging concepts. Get discounts for early and/or multiple week signups. This program will prepare students well for the coming school year.
