MathEdgeCore (the Common Core Program)

(GK-6, Year-Round) Get Prepared NOW!!

Our MathEdgeCore program is created to help students achieve day-to-day success and ace their common core tests in school. It teaches students to make sense of problems and persevere in solving them, to reason abstractly and quantitatively, to construct viable arguments and critique the reasoning of other, to attend to precision, to look for and make use of structure, and to look for and express regularity in repeated reasoning. Subjects to choose from:

- **MathCore:** Advance in Common Core. Each set of material is structured with clear topics and its associated exercises for reinforcing the concepts. With each concept learned, a page on problem solving will be sent home as homework.
- **EnglishCore**: Ace the English Language Art (ELA) in school. It is a collection of practice materials aligned to the English Language Arts State Standards in the areas of reading, writing, and language. It is designed to be more rigorous and allow for students to justify their thinking.
- **SpeedMath**: Teaches easy ways to perform calculations fast.
- **Reading:** Improve reading comprehension and speed.

✓ **Offer the best affordable price. Pay monthly.**

✓ **Prepare students well for Common Core**

✓ **Allow students to pace themselves under expert guidance**

✓ **Provide customized curriculum for maximized learning**

✓ **Let students advance to their full potential**

✓ **Offer multiple months and sibling discounts**
