

MathEdge

Computer Programming

# High School Java | AP Computer Science

Do you want to learn Java and win Robotics competitions or become a young entrepreneur? Do you want to score a five on the AP Computer Science exam? We are here to help you achieve that!

*MathEdge was started by a group of professionally trained engineers. We understand the importance of STEM (Science + Technology+ Engineering + Math) education in order to be competitive and successful in the 21st century. We have designed comprehensive hand-on programs for kids with fun and easy concepts for students of all ages to understand.*
